COMPANIES IN AGENTIC AI

**Procurement Magazine
takes a look at the
companies leading the
charge when it comes to
agentic AI and its
application in supply chains**

2. ZYCUS

Founded: 1998

Headquarters: Princeton, US

Employees: 1,400

CEO: Aatish Dedhia

Zycus integrates agentic AI throughout the source-to-pay lifecycle, transforming procurement processes.

From innovating early AI-driven solutions to building the integrated Merlin suite, Zycus keeps a strategic advantage.

Aatish Dedhia, Founder and CEO at Zycus, refers to agentic AI as a "game-changer, transforming procurement into a strategic enabler unlocking real value."
